SPRING/SUMMER 2013
WORKBOOK

SB
48

In 1946, three entrepreneurs collaborated to form Sebago®. They collaborated because they realized that each of their skills were different, yet complemented the next, and they all shared the same passion. With their collective philosophy of quality and craftsmanship, they wanted to innovate and create something true to their New England roots and lifestyle.

Sebago® has taken its inherent focus on quality and craftsmanship to hand and created a collection of new and beautiful footwear and apparel silhouettes for Spring/Summer 2013. The collections are a perfect blend of our traditional styles and contemporary materials detailed with the gorgeous hues of the season. We invite you to explore the New England landscape and everything Sebago has to offer for Spring/Summer 2013...
